Il forno a gas monocamera per pizze croccanti come cotte a legna.

The single chamber gas oven makes pizzas as crispy as if they were baked into a wood oven.

FORNO A LEGNA / WOOD OVEN

FORNO A GAS / GAS OVEN

Voltaire è il forno monocamera alimentato con ogni tipo di gas (LPG, Propano liquido, gas Metano, ecc.), che ti consente di sfornare in 3 minuti pizze croccanti come quelle cotte a legna, ma senza il rischio di microrganismi, eccessi di umidità e bruciature. La cottura è più economica e uniforme, grazie ai **bruciatori superiori a infrarossi** che assicurano la **temperatura ottimale** alla farcitura, mentre la **piastra refrattaria** ad alto spessore ti consente di **cuocere direttamente a mattone**.

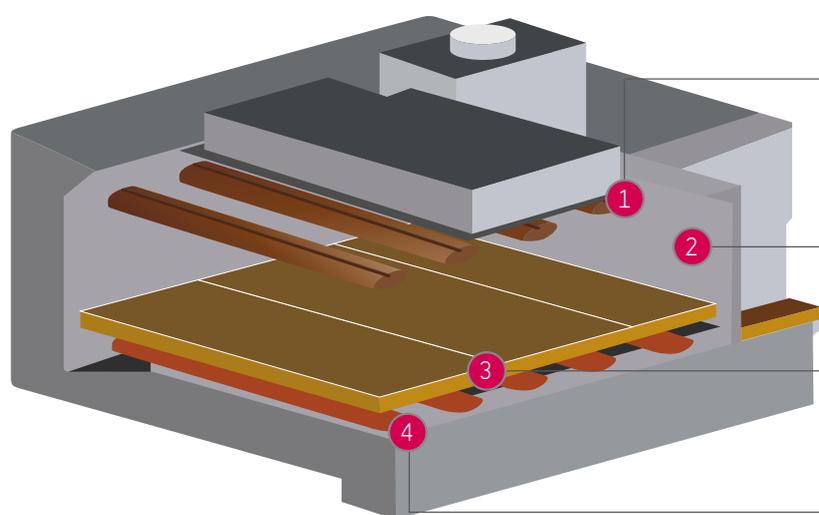

A parità di dimensioni camera (130x113 cm), Voltaire garantisce una **produttività più elevata** grazie all'ottimo isolamento ed al ripristino più veloce della temperatura, senza immissione di sostanze nocive nell'atmosfera.

Inoltre, grazie ai bruciatori superiori e inferiori regolabili in modo differenziato, **ottimizza la distribuzione del calore** e i consumi in funzione della potenza impostata, dimostrandosi una soluzione competitiva anche rispetto ai forni elettrici.

*Voltaire is a single chamber oven functioning with every type of gas (LPG, liquid Propane, Methane gas, etc.). It makes pizzas as crispy as if they were baked into a wood oven, but without the risk of microorganisms, burning and excess of humidity. The baking is economical and uniform, thanks to the **upper infra-red burners** which grant an **ideal temperature** for the toppings, and the **refractory high thickness** griddle allows to bake directly on the stone. In comparison with chambers of the same dimensions (130x113 cm), Voltaire grants a **higher productivity** thanks to its thick insulation layer and faster temperature recovery, without any emission of harmful particles. Moreover, due to lower and upper adjustable burners, the heat **distribution** and the consumptions related to set power are **optimized**, proving to be a competitive solution even compared to the electric ovens.*

BUILT-IN VOLTAIRE: THE SHAPE OF TASTE.

Nella versione da incasso Voltaire viene fornito “nudo” per adattarsi alle esigenze di stile dei nuovi esercizi commerciali: puoi incassarlo alla perfezione con semplici opere murarie. Tutta la manutenzione (ordinaria e straordinaria) avviene sulla parte frontale per semplificare al massimo le operazioni e non compromettere il design dei locali. Con la sua straordinaria semplicità si colloca perfettamente in qualsiasi contesto d'arredo.

In its built-in version, Voltaire is supplied “naked” in order to fit the needs of shops and restaurants: you can assemble it in with simple building work. All the maintenance (ordinary and extraordinary) is carried out from the front, so any operation is simple and the design of the location isn't compromised. With its extraordinary easiness it fits perfectly in every context.

THE RIGHT MODEL
FOR EVERY ONE.***

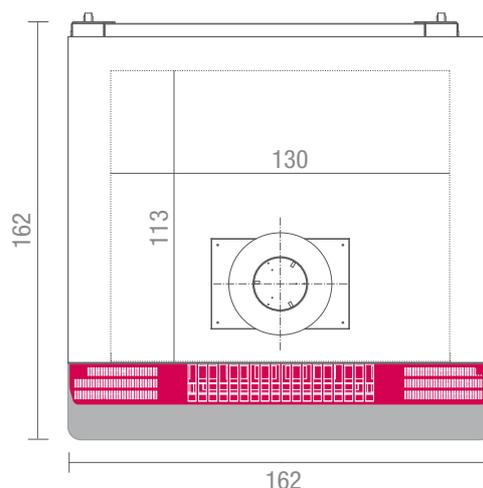

Voltaire viene proposto anche in quattro diverse soluzioni di stile per adattarsi facilmente ad ogni tipologia di locale: Classico, Pompei, Ravenna e Ravenna a Mosaico. Stile moderno o tradizionale? Scegli la semplice essenzialità della versione classica o le forme morbide di Ravenna e adatta il colore al tuo arredo: sia le verniciature che il mosaico sono garantiti per l'utilizzo ad alte temperature.

Voltaire has three different solutions to fit easily every type of context: Classic, Ravenna and Ravenna with tiles. Modern style or traditional one? Choose the simplicity of the classic version or the smooth shapes of Ravenna and match the colours to your fittings: both the painting and the tiles are resistant to high temperatures.
